

03 July 2019

Dear Supporter,

I am writing to offer you the opportunity to subscribe to the Oxford United matchday programme for the 2019/20 season.

Last season the club introduced the concept of an 'away' programme for supporters of visiting teams; this proved very popular and we have therefore decided to continue to produce this. We understand that this is an additional expense for those collectors who are completists, and therefore we are pleased to offer the option of both versions for just £5 (to subscribers only). The other good news is that we are keeping the cover price the same at £3.00 per issue for the 11th consecutive season.

We are again offering the option of collecting your programmes from the ground. For home editions this costs £78 for the season for the standard programme, or £130 for both versions of the home programme.

Unfortunately, due to yet another increase in postage costs, we are raising the price to subscribe to all standard home League and Cup home programmes for this season to £120, including postage, and £216 for both versions, including postage. We will continue sending home editions to postal subscribers as soon as they come off the press, meaning that they should arrive on the morning of the match (post permitting) for Saturday games.

ALL HOME SUBSCRIBERS WILL RECEIVE A FREE SUBSCRIPTION TO OUR ONLINE DIGITAL PROGRAMME at www.matchdayfix.com/oufc. Details will be provided by email.

The price to subscribe to all away programmes is £120 including postage, which will ensure that you receive a copy from every away League and Cup game which the U's are involved in. Again, we can offer a collection option for just £78.

If you choose to subscribe to ALL programmes, standard home and away, the price is £230 with postage, or £156 if you collect your programmes from the stadium. If you want to include the 'away' home programme it's £410 with postage or £202 to collect.

To subscribe, please complete the form overleaf and return it to:
Programme Subscriptions, Oxford United FC, Grenoble Road, Oxford, OX4 4XP.

We look forward to your thoughts on the programme and thank you once again for your support.

Best wishes

Martin Brodetsky
Programme editor
