WELCOME

The support from the club's partners and sponsors in 2020/21 during one of our most challenging seasons was first class, so I'd like to firstly start by thanking them.

During such unprecedented and uncertain times, the backing from our commercial partners was pivotal in the team securing a play-off place for the second season in a row.

We're all looking forward to welcoming back our existing commercial partners and building new relationships across Oxfordshire and on a global level in 2021/22. We're excited to get started on another big season, and we hope you will join us for what is sure to be another exciting journey.

2020/21 was a campaign like no other. Our ever-loyal fan base highlighted their excitement about returning to the Kassam Stadium, by selling out the limited capacity allocation for the U's Play-Off Semi-Final in May.

This commitment to the club has been reinforced with many fans showing significant interest in either renewing or purchasing a new season ticket for the 2021/22 season.

With a sizeable and engaged database of supporters, combined with a following of 182,000 on social media platforms, the ability to gain exposure, both digitally and physically, to a highly engaged fanbase is ready and waiting for new businesses to experience the benefits.

OXFORD UNITED

**HEAD COACH
KARL ROBINSON**

After a season we will never forget, we finally get what we have wanted all year: our fans back to join us and be part of what should be a fascinating game against a really good Blackpool side.

Even better, I get to join you because I am not allowed in the dugout! No problem, I am proud to be among the fans tonight.

I guess the one question people have been asking is whether we ever thought our chance of reaching the play-offs might have gone? In a season of such extreme highs and lows, I think after ten games then maybe I did. We just could not get into a rhythm at the start of the season; we had a very short close season, new faces and loans needed to settle in and the various challenges of playing games with Covid restrictions made that period as tough as any I have encountered in my career.

I am so proud of everyone at the football club for the way we faced those challenges. The Board were unbelievable, the staff now have an unbreakable bond, and the players have been magnificent all season. Every time a game got called off or we were changing in a draughty concourse away from home, or in a lounge or a supporters' bar, we laughed at the situation and just got on with the main job: winning the match.

In the end, the regular season came down to just 90 minutes against Burton and I thought we were excellent. We never lost focus and

an early goal will just have made our rivals at Portsmouth and Charlton that little bit more anxious. It was so hard not to keep looking at the score at Fratton Park after we went four goals up, but Accrington gave us a helping hand and now we have a wonderful opportunity to finish the season by achieving what we set out to do: win promotion.

It looks like we will be without Sam Long tonight, which is a massive blow for him because he has been outstanding and deservedly won the fans' and players' votes for Player of the Season. You all know he will do everything he can to play, but we will have to balance that with him being available for Friday as well. It was good to see Jack Stevens win Young Player of the Year and can I also mention Lauren Haynes, an outstanding young woman and deservedly the Women's Player of the Season as well.

The regular season is over, the awards have been handed out, fans are back, so now it is time to focus on just one thing. The semi-final will not be decided tonight, whatever the scoreline, but we know what we have to do and when kick off comes around we will be ready.

Get behind us.

"I AM SO PROUD OF EVERYONE AT THE FOOTBALL CLUB FOR THE WAY WE FACED THOSE CHALLENGES."
