

OXFORD UNITED IN THE COMMUNITY HOMEWORK TASK

Week 3

KEY FEATURES

- 1-4-3-3 with transitions to 1-4-4-2 or 1-4-5-1 when defending
- Possession-based game with patient passing through thirds
- Strong, athletic centre-backs; aerial power in set plays at both ends
- Emphasis on building from back; accurate distribution by keeper Hart
- Good passing, reading of game by screening midfielder Dier
- Constant overlaps, crosses by full-backs, notably Walker on right
- Rooney dropping deep to act as catalyst for attacking play
- Neat high-tempo combinations opening play to wide areas
- Varied attacking options (Sterling, Sturridge, Lallana, Vardy and Rashford)
- Youthful, committed, energetic team; technique in all departments

Task :

Picture this, England have made it into the Semi Finals of EURO 2016 beating Iceland on Pens in the Round of 16 game before beating Wales 2-0 in the quarter finals.

We want you to study EITHER Belgium, France, Germany or Spain as your opponents for the semi finals.

Can you study the resources provided and come up with the tactics you would use against your chosen country. Think about where England's strengths are and where weaknesses are in your chosen opposition.

We would like you to pick an England side of TODAY. This means you can pick players that were not at EURO 2016 and you can also pick players who are currently injured.

Please bare in mind we are taking in board the opposition players from EURO 2016 so they may be some changes to the players, managers or styles of play to now.

HEAD COACH

Roy HODGSON Born: 09/08/1947

Coaching assistants Ray Lewington, Gary Neville;
GK Dave Watson; Fitness Chris Neville

BELGIUM

KEY FEATURES

- 1-4-2-3-1 with switch to three at back late in group game v Italy
- Technique-based game but with emphasis on vertical attacking
- Fast counterattacks via De Bruyne and Hazard a permanent threat
- Balanced attack/defence contributions by controlling midfielders
- De Bruyne linking middle-to-front play; support runs to edge of box
- Hazard a major disruptive element; fast solo runs from wide left
- Wing play energetically supported by full-backs on both sides
- Build-up from back through Witsel, Nainggolan, De Bruyne triangle
- Excellent shot-stopping by Courtois; 63% of distribution long
- Strong target strikers (Lukaku, Batshuayi, Benteke and Origi); aerial power

The manager has rarely changed his 4-2-3-1 system since taking over from Georges Leekens in 2012. The players are more or less the same as those who reached the quarter-finals at the 2014 World Cup in Brazil. **Roma's Radja Nainggolan**, who surprisingly was not in the squad for Brazil, is the only new face in midfield. He gives Belgium something extra with his energy, his powerful tackling and long-range goals. He suffered a calf strain at the end of May but should be fit just in time for the Euros.

Probable starting XI

Belgium have struggled to dominate games because their passing has not been quick enough but Wilmots has made a few tweaks in an attempt to speed things up.

Which Belgium player is going to surprise everyone at the Euro 2016?

This could be Carrasco's tournament. Hazard is nearly back to his best after a lost season, struggling for form and battling against injuries. De Bruyne showed what he is capable of at City, so it would not be a surprise if both of them performed in France. Carrasco is the unknown factor after an excellent first season at Atlético. He does not look like your typical winger. He is tall and has good feet but it is his lightning acceleration that often makes the difference: he can open up teams and create opportunities. He might bring some of the Diego Simeone mentality to the team too.

MOST FREQUENT PASS OVERALL

48 Witsel to Hazard

KEY FEATURES

- Initially 1-4-3-3; 1-4-2-3-1 v Albania, Ireland, Germany and Portugal
- Technique-based game: powerful running with the ball
- Narrow, compact defence; wide players disciplined in dropping back
- Quick defence-to-attack transitions; direct supply to striker Giroud
- Varied options in wide areas (Payet, Sissoko, Coman, etc.)
- Griezmann providing pace and finishing power in all areas of attack
- Pogba and Matuidi providing ball-winning, box-to-box power
- Top-class set-play deliveries and long-range shooting by Payet
- Aggressive pressing as from halfway line; quick use of ball when won
- Support and good crosses from full-backs when in 'winger-less' formation

Deschamps' problems lie elsewhere, namely in a back four which - with Kurt Zouma, Raphaël Varane and Jérémy Mathieu injured and Mamadou Sakho not picked because of his initial doping suspension - will miss the presence of a true stopper to play alongside Laurent Koscielny in central defence.

Probable starting XI

Which France player is going to surprise everyone at the Euro 2016?

This could be N'Golo Kanté's tournament, provided that Deschamps, a very loyal manager, is willing to leave Blaise Matuidi (who had an underwhelming season) on the bench. Given a chance, the Leicester midfielder could energise the French midfield, tackle and intercept to the extent that France's defensive frailties would go - almost - unnoticed. This is said more in hope than expectation.

HEAD COACH

Didier DESCHAMPS Born: 15/10/1968

----	------------------

GERMANY

KEY FEATURES

- 1-4-2-3-1 ('strikerless' or Gomez as target) or 1-4-3-3; 1-3-4-3 v Italy
- Kroos and Khedira the controlling and distributing midfielders
- High-tempo possession football with full-backs extremely high
- Ozil the creative linking element; Müller roaming width of attack
- Quick diagonal switches of play to move opponents' defence
- Compact high lines create platform for aggressive high pressing
- Neuer sweeping behind high back line; accurate distribution
- Quick, varied routes to opponents' box; passes, crosses, combos, etc.
- Dangerous set plays and long-range shooting; aerial power in both boxes
- Tactically mature; strong on leadership; able to dictate pace of game

Which Germany player will take everyone by surprise at Euro 2016?

Julian Weigl has been a sensation in his first Bundesliga season with Borussia Dortmund. At the Euro he may get to showcase his impeccable passing ability and perseverance at an even bigger stage.

The evolution of the German team under Joachim Löw in the last few years was based on having the ball as much as possible. They preferred a style reliant on possession and a strong midfield. These days, however, a lot of teams are not all that bothered with having the ball. They leave the passing game to their opponents and focus on quick counterattacks.

SPAIN

KEY FEATURES

- 1-4-3-3 with very high defensive line and intense high pressure
- Possession/control game; short-passing combinations through thirds
- Patient build-up but with high-tempo ball circulation
- Exceptional technique in all departments; ability to play under pressure
- Busquets the composed single controlling and balancing midfielder
- Attacking full-backs, especially the hard-running Alba on left
- Iniesta the artist, infiltrating opposition lines with passing or solo runs
- Morata the attacking reference giving depth to construction options
- Penetrating combination play right through the final third
- 'Wrong-footed' wide men: Silva cutting in from right, Nolito from left

During the triumphant years - Euro 2008, World Cup 2010, Euro 2012, lest we forget - Spain evolved from direct football to a more calculated and reserved game. Both styles came from the same possession-based idea, but with a different approach.

Not only that, their game philosophy has become a key part of their national identity too: technical, precise, creative, intelligent, skilled players ... their possession playing style has become a religion and midfielders are the preachers of that faith. But what midfielders can refine Del Bosque's team game? Thiago and Cesc Fàbregas? Or maybe Atlético Madrid's Koke?

G = goals; A = assists; SO = sent off; I = injured; S = suspended; † = brought on; ‡ = taken off; numbers = minutes played

TOP PASSERS

Iniesta 327	→ 61 to Alba
Ramos 295	→ 72 to Alba
Busquets 281	→ 56 to Iniesta

MOST FREQUENT COMBINATION

→ 61 to Alba
→ 72 to Alba
→ 56 to Iniesta

MOST FREQUENT PASS OVERALL

72 Ramos to Alba

Which Spain player is going to surprise everyone at the Euro 2016?

Álvaro Morata. The centre-forward position has been the most complex, even during Spain's triumphant years. From the David Villa-Fernando Torres duo it has been downgraded into a lone striker and then even a false striker. In a gameplan dictated by midfielders, the choice of a No9 has become harder, yet no less important. Since he left Real Madrid in the summer of 2014, Morata has grown in Italy as a supporting striker who can also play as a left-winger for Juventus. He is a clever player, with remarkable dribbling

Homework task:

- As mentioned on slide 2 alongside the England stats, the task for this week's homework is to analyse the way the opposition play and set up your own England team to play against them.
- Foundation Phase (U7-U11): We would like you to pick your England starting 11 and which 7 subs you would like out of the 23 man squad on slide 8. The players pictures can be dragged across onto the pitch. On slide 9 we would then like you to fill in point 1 and 2. You are welcome to challenge yourself and fill in point 3,4 & 5 should you wish too.
- Youth Development Phase (U12-U16): We would like you to pick your England starting 11 and which 7 subs you would like out of the 23 man squad on slide 8. The players pictures can be dragged across onto the pitch. On slide 9 we would then like you to fill in point 1, 2, 3, 4 & 5.

SUBSTITUTES:

1.

2.

3.

4.

5.

6.

7.

MANAGER:

GARETH SOUTHWGATE
MANAGER

Goalkeepers:

DEAN HENDERSON
GOALKEEPER

NICK POPE
GOALKEEPER

JORDAN PICKFORD
GOALKEEPER

Defenders:

BEN CHILWELL
DEFENDER

HARRY MAGUIRE
DEFENDER

DANNY ROSE
DEFENDER

TRENT ALEXANDER-ARNOLD
DEFENDER

KIERAN TRIPPIER
DEFENDER

FIKAYO TOMORI
DEFENDER

JOHN STONES
DEFENDER

TYRONE MINGS
DEFENDER

Midfielders:

DECLAN RICE
MIDFIELDER

MASON MOUNT
MIDFIELDER

HARRY WINKS
MIDFIELDER

ALEX OXLADE-CHAMBERLAIN
MIDFIELDER

JAMES MADDISON
MIDFIELDER

CALLUM HUDSON-ODOI
MIDFIELDER

RAHEEM STERLING
MIDFIELDER

Strikers:

HARRY KANE
STRIKER

CALLUM WILSON
STRIKER

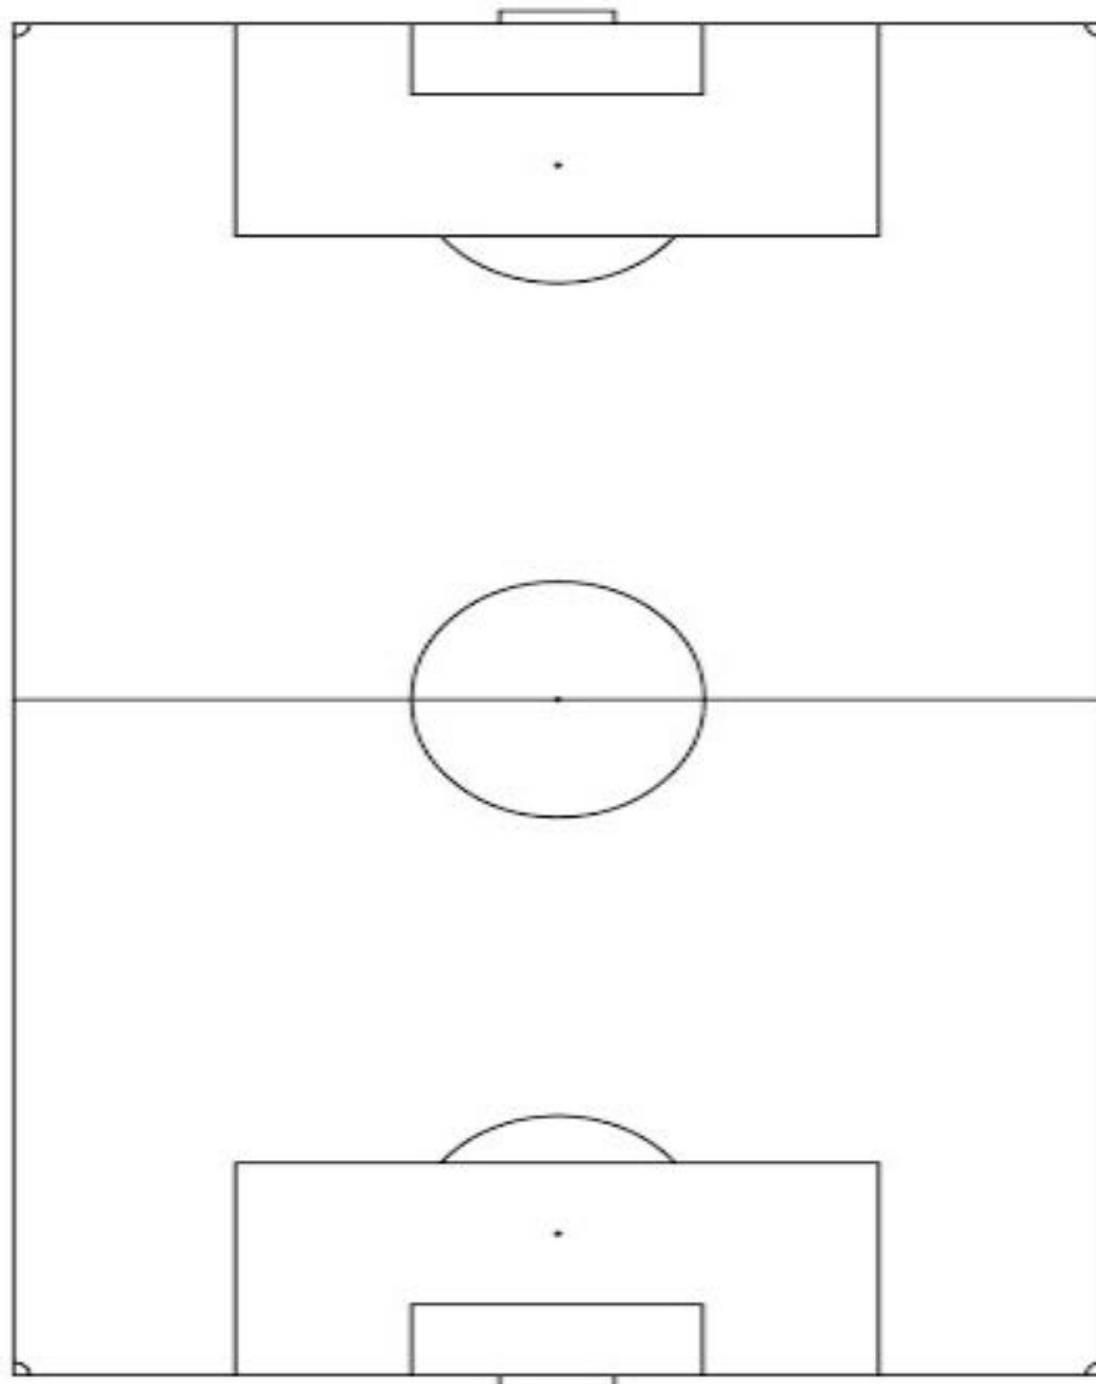

TAMMY ABRAHAM
STRIKER

MARCUS RASHFORD
STRIKER

JADON SANCHEZ
